Describe _____
- 13. Provide copy service for troop newsletters.

Please return survey to troop leader.

Register as an adult Girl Scout (\$10) and you will be covered under Activity Insurance at Girl Scout events. Remember, the success of Girl Scouting depends on the help and support of caring adults. Please help us help girls have fun and grow strong in Girl Scouts.

I promise...

I will be prompt in arrivals and departures. Prompt arrivals ensures activities get started on time and your child doesn't miss anything. Please come inside when dropping off and picking up your child.

I will be prompt in turning in monies due. Getting dues or fees in on time assures that the leader can purchase supplies, snacks and awards, and pay for activities.

I will check with the troop leader to see if my assistance is needed.
If every parent would just put in a little effort, it would go a long way with the leader who is making your daughter's Girl Scout experience possible.
Please complete and turn in Parent Involvement Survey (reverse side).

I will talk to my daughter about the importance of good behavior at all troop functions.

I will notify my daughter's troop leader when she is sick or has to miss a meeting. A heads-up phone call means the leader isn't waiting for your child to show up and can let you know what she's missing.

I will show appreciation and support for my daughter's troop leader. Sometimes simply knowing they're appreciated makes all the difference.

Please remember, that the leader's job is a volunteer position, one in which she donates valuable time and resources.

Do whatever you can to make her job easier. The skills your daughter learns today in Girl Scouts will guide her into a bright and promising future.
